

Aurora Growth This Year \$300,000 In Property Sets Building Record

Building permits in Aurora set a new record for the first ten months of the year reaching an all time high for \$324,227. This amount represents 34 new homes, four stores, one factory and 17 garages and sheds. Permits were required this year for the first time on alterations which contributed \$16,950 to the total.

Last year there were several homes with construction permits of over \$20,000. This year home permits ranged from \$4,000 to \$11,000. Four stores averaging \$9,000 are in the process of being built or about to be started, with Simpson's order office already completed. Bodfish's still under construction and two still in the blue print stage.

George Cluff, Aurora's first building inspector, has had a busy time since his appointment in August. He reports that few infractions of the building by-law have been brought to his attention and that in every case minor adjustments have been made. Because of the number of remodelling permits this year it is impossible to make a comparison with former years.

The main street of Aurora is experiencing a face lifting as the first major building changes in five years are taking place. The construction of two new stores, the alterations to the arena and Murrell's property plus the Aurora Textile's modern factory when finished, will extend shopping facilities and office space. The arena's new front is a big asset to the appearance of the business section which is showing a definite trend southward along Yonge St.

Wiring, Heating, Pipes Pushed At Aurora Rink

The wiring, heating and plumbing work on the new addition to the Aurora Memorial arena is being pushed forward this week. The oil burner to heat the dressing rooms, lobby and provide hot water for the showers was being installed Tuesday. The partitions separating the lobby or recreation room from the arena proper have been completed and the openings for the windows looking from the lobby onto the ice have been cut.

The work of providing the frame-work for the seats at the west end is being carried out this week. As presently constituted five rows of seats will be built at the west entrance, providing a further 250 seats. The visitors can now obtain a very good idea of how the arena will look when completed both inside and out. Tom Dickson, arena manager, indicates public skating will be held as soon as the dressing rooms are available. In the meantime hockey practices for the two junior clubs and intermediates are being held nightly.

Prizewinners Chosen For The Best Costumes At Arena Party Tuesday

Newmarket arena was jammed with school children in costume for the annual Hallowe'en party on Tuesday but their fun was lessened by the innumerable delays, and late starting hour. A greatly reduced number of children waited for the movies and the skating and in one classroom only one of 31 children was present to collect his treat at the end of the evening.

Before every child left, he was given a shell-out by members of the fire brigade. Preliminary judging was done at the schools and the finals were judged at the arena party sponsored by the recreation commission. Final judging was done by Mrs. Dorothy Bowman, Ang West, Lorne Paynter, George McCullough and Jack Struthers with assistance from members of the Home and School club. Mr. Jimmy Walker was master of ceremonies.

The following were prize winners in the pre-school group: 1, Miles, Kaben and Justice Tunney as a Chinese family; 2, Paul Murray, Mickey Mouse; 3, Mary Ann Leeder (the youngest in the party), Queen of Hearts.

Kindergarten group: 1, Joan Benville, a gypsy; 2, Tommy Delaine, Superman; 3, Gordon Gladman, Sleepy Head. Grades one and two: 1, Helen Ball, South Sea Islander; 2, John Keeble, Drum Major; 3, Terry Peever, a skeleton.

Grades three and four: 1, Denise Tunney, Snow Queen; Gary Dyer, Indian; 3, Bobby Hunter, a Christmas tree. Grades five and six: 1, Ken Mosey, pirate; Fayel

RESERVE SPACE FOR COMMUNITY BAZAAR

All organizations and individuals who are interested in participating in the Community bazaar to be held on Tuesday, December 5, are reminded that they should notify Mrs. George McNelly (phone 652m) of their intentions before the end of the week. Mrs. McNelly is convening the bazaar for the Newmarket Handcraft group, the sponsoring organization.

As soon as everyone is heard from, representatives of all the interested parties will go to the Town hall where the bazaar is to be held and draw for the space they will have.

In grades seven and eight: 1, Raymond Gurr, as Aunt Jemima; 2, John McGuire, hula hula girl; 3, Edna Markham, a Japanese girl.

Mayor Praises Recreation Work At Aurora Commission Meeting

Fifty members and guests of the Aurora recreation commission attended the commission's annual dinner at the Ridge Inn Wednesday evening. A display of handicrafts representing work by the children and adult classes was a point of interest.

Mayor Alex. Bell, representing the citizens and speaking for the guests among whom were the principals of the schools and chairmen of the school boards, ministers, press and council members, praised the commission's efforts and confessed amazement at the rapid progress of recreational activities made in such a brief time since the commission's organization two years ago in Aurora.

Roses were also given to Mrs. Byrtha L. Stavert in recognition of her efforts on behalf of the children in Aurora and in re-

memberance of her birthday. John Ellbeck representing the recreation activities of the provincial government spoke enthusiastically of the splendid work of the commission.

Brief reports were made by Mrs. Stavert and Tom Dixon covering the year's activities. Outstanding statements of both supervisors indicated that large numbers of children have participated in the various facilities provided by the commission.

ARRANGE FOR NOV. 11

Councillors Charles VanZant and Lorne Paynter were appointed by the mayor Monday night to arrange for civic remembrance ceremonies in Newmarket on Saturday, November 11.

Advanced Stage Technique Used For 'Dirty Work'

The stage set for the Newmarket Dramatic club's first production of the season tomorrow and Saturday nights is an indication of a new development in the drama group. The visual effects, as important a contribution to a production as actors themselves, have been particularly well employed by the Dramatic club.

"Dirty Work at the Crossroads", an adaptation of an old gay nineties melodrama, features the familiar villain, a heroine at the villain's mercy, a railroad being built over a family farm, and later, as usual, someone tied to the railway tracks.

Every piece in the set has been painted, yet when viewed by an audience it suggests the reality of three dimensional objects.

Fred Hagan, Court St., who painted the back-drop, has used advanced techniques to make one set serve for the three acts.

The original farm scene is changed by the removal of a tree to the scene when preparations are being made for the building of the railroad. The final scene reveals the completed railway through the farmland, trestle, and even a moving train.

In the cast of "Dirty Work at the Crossroads" are Joe Dales, Don Cummings, Kay Kudelka, Dorothy Bowman, Audrey Halme, Nick Styke, Vera Brown, Lorna Styke, Kitty Cummings and Arlene Glencross. The show will be presented Friday and Saturday in the town hall with the usual kids' night on Thursday.

Take Six Months Course For Officer Training

Appointed to the Canadian Officers Training Corps, Robin Rowat and Gerry Barker, Aurora, leave November 11 for a six months course at Camp Borden. They will be stationed with the Royal Canadian Armored Corps and are the only two cadets from the Queens York Rangers on the present course. Both have been members of "C" squadron Aurora for the past three years.

Lt. Barker joined the reserve army in April 1947 at the age of 17. Lt. Rowat was taken on strength in August of the same year. Both boys held the rank of corporal when their appointment as officer cadets was announced. Lt. Rowat has given up studies at the College of Art, Toronto, to take the course. Lt. Barker has been with the Robert Simpson Co. advertising department for the past 18 months.

Home plowing contest Draws heavy entry

With the largest entry in the Home Plowing Competition in several years, the York County Junior Farmers are holding their banquet and presentation of prizes at Buttonville on Thursday, November 9, at 7.00 p.m. This is a change of date owing to several conflicting events on the 10th as originally arranged.

The plowing was scored this week by Mr. Alvin Mark of Cameron who two years ago was one of the overseas trip winners at the International Plowing Match at Lindsay. Indicative of the times, the tractor plows were very much in the majority. It is most encouraging to the sponsors to see the large entry of beginners and the judge was pleased with the work they did.

The York County finals of the public speaking and amateur entertainment will be held at the banquet again as it has proven a popular feature.

Taggers Are Needed For Poppy Day, Nov. 11

Children are wanted to tag for Poppy Day on Saturday, Nov. 11. All interested in tagging please contact the Veterans' Land Act office, 14 Millard Ave., Newmarket, on Friday, Nov. 10, between 7 and 9 p.m. to pick up tags. Mrs. Robt. Bunn, president of the Newmarket Canadian Legion Ladies' Auxiliary, is convening for the tag day.

TO RAISE BAIL FUNDS

The Newmarket Optimist club's draw on a mantel radio to offset peewee and bantam baseball expenses will take place on November 8. The draw will be made at the Optimist anniversary dance at the Gray Stones in Aurora. All members of the club, peewees and bantams, are asked to return tickets as soon as possible to Frank Hollingsworth, Jack Hamilton, Joe Dales or Harley Brennan.

"I am coming, children," says Santa Claus. "I'll be in Newmarket on Saturday, Dec. 2, and I want all of you little ones to welcome me when I come down Main St. with my parade."

Woman Thrown 50 Feet From Car Saves Eleven Of Dozen Eggs

A woman found herself sitting in a field holding a package of eggs at Oak Ridges Saturday night when she was thrown from a car. Mrs. Teresa Chevalier, 23, of Lake Wilcox was thrown from a car driven by a neighbor, J. Sullivan, when it was hit from the rear by a car driven by Richard Henderson, Toronto.

The woman was thrown 50 feet from No. 11 highway. She said she could not imagine at the time how she got there. She had been shopping and groceries were scattered about the car in which she was a passenger. One egg out of the dozen she was holding was broken.

Both cars were travelling south when Henderson's car struck the second vehicle according to P.C.

Clair St. John. The force of the impact spun both vehicles around on the highway landing the first in the ditch.

Sullivan told police he missed the north lake road to the east and had slowed down in his own lane to take the south road to the lake. Henderson said he saw the vehicle too late to avoid hitting it. He was slightly hurt but a passenger, S. J. Totton of the local Y.M.C.A. suffered injured hands and a cut over the eye. The injured were attended by Dr. Crawford Rose, Aurora.

A former teacher at St. Andrew's College, Henderson is a sports referee and salesman for a sporting goods firm. Hockey equipment in his car was damaged.

Two Deer Spend Morning In Eagle St. Garden

Two deer, a buck and a doe, spent last Monday morning visiting the home of Mr. and Mrs. W. L. Stephens on Eagle St. Several motorists stopped to watch the pair which is believed to have wandered into town from the Glenville direction.

Miss Betty Stephens said that she was preparing to leave the house for work around 7.40 a.m. when she heard automobile brakes on the street. "Three cars had stopped and the drivers were peering into our back yard," she said.

"I looked out the back window and saw the pair of deer, one with fair-sized antlers, standing in a fence corner. They stayed around the house for about an hour and disappeared later," she said.

It has been many years since deer have paid social calls in Newmarket.

Only One Tops 500 Mark In Potato Club

Results of the York County 500 Bushel Potato club, just announced by W. M. Cockburn, Newmarket, secretary of the County Crop Improvement Ass'n, show the yield to be down somewhat this year with only one grower, Herb Jones, Maple, over the 500 mark, with 559 bushels. It is believed that Mr. Jones has established a record for the province by winning this high yield contest four consecutive years, making a four year average of 600.75 bushels.

Norman Payne of Maple moved up this year to second with 487 bush. and Denzil Oldham of Mount Albert, a new contestant, took third with 457 bush. These three also stood in the same order for yield of marketable tubers. Others over the 400 mark were: Murray Crone, Mount Albert, 443; Wm. Mulholland, Jr., Ballantrae, 442; and Douglas Campbell, Mount Albert, 417. The average of the 19 growers who completed the contest was 384.3 bushels per acre.

The growers are planning to have a banquet as usual later in the fall when the prizes will be presented. In the meantime all those with over 300 bush. are eligible to compete in a championship contest at the Royal so it is expected that those over the 400 level will be selecting some choice specimens for this final event.

This has been a most disappointing year for potato growers with truckers and dealers offering such discouraging prices at the farm.

Newmarket's Population Passes 5,000 Mark

Newmarket has passed the 5,000 population mark. Town clerk Wesley Brooks stated at the council meeting Monday night that according to this year's assessment roll the population of Newmarket is 5,038. Last year's assessment roll recorded a population of a little over 4,900.

Santa Claus Coming To Newmarket Dec. 2 Parade Down Main St.

Santa Claus is coming to town.

Yes, boys and girls, we've received word that the jolly old fellow is going to make his annual stop here on Saturday, Dec. 2, and he wants all of you to be out to greet him when he comes.

Plans are underway for a parade to greet Santa and while it is not definite yet, the parade will probably follow the same route as last year down Main St.

There will be floats and costumed marchers representing characters in fairy tales, and the comic strips. There will be drum majorettes, bands and music of all sorts and there will be treats for all.

The parade is being organized under the sponsorship of the merchants of Newmarket with the editors of the Era and Express in charge of the details.

So reserve the date, children. Remember, Saturday, Dec. 2, and watch for further details in The Era and Express.

Hallowe'en Damage Slight In Newmarket, Aurora, Credit To Town Parties

No major damage was done on Hallowe'en night in Newmarket. Except for scatterings of waste paper and debris and soap marks on windows the town survived well. Most children of school age were occupied with activities at the arena party and residents report few ghosts and goblins prowling around for shell-outs. The recreation commission supplied the candy at the close of its arena party.

Warn Against Fire Inspection Business Racket

Newmarket residents were warned this week against a new form of "business racket". There have been reports that individuals were posing as fire inspectors and telling householders that they were to inspect the premises for fire hazards.

"This could be an excuse to inspect the premises for possible valuables in preparation for theft," warned Councillor Charles VanZant, chairman of the fire committee.

"The Newmarket Fire Brigade members make regular fire inspections but they wear their uniform hats and carry fire brigade badges," he said. "Unless a householder is absolutely sure of the identity of the visitor, and unless he has definite credentials, he should not be permitted in your house."

There were reports earlier of a roofing company representative telling householders that they had been sent to fix their chimneys by the fire insurance company. Mr. VanZant warned again that householders should be very sure of the credentials of salesmen and others before paying them any attention.

"If there is the slightest doubt, call Mr. Brooks, the town clerk, or the chief of police," said Mr. VanZant.

PRODUCERS TO MEET

District No. 7 (Newmarket to Barrie) of the Ontario Milk Producers is meeting in Stroud on Wednesday, Nov. 15, when delegates to the annual meeting of the parent body will be named. It is also proposed to offer five prizes of \$15 in expense money for those attending the short course at Guelph at New Year's.

Woodbridge Vaughan Co. Purchased By Bell Phone

The Woodbridge and Vaughan Telephone Company Limited has been sold to the Bell Telephone Company, Morley J. Kinnee, Markham, secretary-treasurer of the Woodbridge and Vaughan Telephone Company, announced on Tuesday.

The sale, which had been authorized by the board of directors and confirmed by the shareholders, has been approved by the regulatory body of the province of Ontario, Mr. Kinnee said.

The Bell Telephone Company of Canada has owned a controlling interest in the company since January 1, 1928. The company was enlarged January 1, 1940, through the purchase of the former Home Telephone Com-

Police Chief Byron Burbridge reported that some air rifles had been commandeered by police from boys who were shooting out street lights. "We rounded up several groups of boys and took them to the police station for a talking to, and then let them go," he said. "It was mostly a precautionary measure since there were no reports of serious damage."

The usual number of fences came down Tuesday night in Aurora when the youngsters of the town were on the prowl. The busiest night of the year for Chief Fisher Dunham and Constable William Langman passed off without any major infractions of the law. The extent of mischief was largely confined to soaping the shop windows, hanging gates on telephone poles and unscrewing light bulbs.

The Aurora public school children gathered for their annual costume parade which has become a tradition in Aurora. Late games and refreshments were enjoyed by the pupils at the school.

Sacred, Patriotic Concert Planned By Band Nov. 12 To Present Awards

The Newmarket Citizens Band will present a sacred and patriotic concert in the Roxby Theatre on Sunday, Nov. 12, at 8.30 p.m. At the same time, presentations of medals and other awards won by the band members at Waterloo Music Festival will be made by Mayor Joseph Vale.

The band held its annual meeting on Monday when William Andrews was re-elected president. Other officers are: vice pres., Len Little; sec., Austin Brammer; treas., Jack Adams; librarians, C. Burling and H. Hughes; property, A. Kirbyson and W. Young; representative from band sections, Ralph Denne. Bill Grieg is bandmaster, and on Monday, Don Langford was made assistant bandmaster.

OBITUARY

Robert Ira Davis

After a long standing illness, Robert Ira Davis passed away at his home in Mount Albert on October 23. He was in his 76th year. Born in Michigan he was the son of the late Mr. and Mrs. John Davis. His wife, the former Ethel Buckindale, predeceased him six years ago. He was an adherent of the United Church and a member of L.O.L. 902, Orange Lodge.

Mr. Davis farmed successfully at one time on the Leek farm in Scott and 32 years ago bought the Mount Albert bakery business which he had carried on ever since. He was a man who always helped anyone in need in a quiet way, and in community affairs was always willing and helpful and ready to do his share.

He is survived by a son, Ernest, Mount Albert; daughters, Mrs. Kenneth Jarvis (Flora), Willowdale, and Mrs. Norman Wilson (Viola), Mount Albert.

Rev. C. P. Shapter conducted the funeral service held at The Chapel, Mount Albert, on October 25. Pallbearers were Reg Willbee, Guy Williamson, Walter Draper, Alfred Parks, Stewart Thompson and Jesse Harrison. Interment was in Mount Albert cemetery.

OBITUARY

Donald Cooper

Donald Cooper died at his home, Yonge St., Newmarket, on October 14, after being in ailing health since May. The son of Janet Beaton and James Cooper, he was born at Lloydstown on June 13, 1874. December 15, 1903, he married Ethel May Garbutt, Brampton.

Mr. Cooper farmed first at Holland Landing and in 1921 moved to Yonge St. to what was called the Phillips farm. He had, 20 years ago, suffered a severe head injury but recovered to resume his normal way of life. However, the last six or eight years he had lived quietly. He enjoyed a wide acquaintance especially around Schomberg, Holland Landing and Newmarket. His chief interest was in his farm and he found great pleasure in his grandchildren. He attended Trinity United Church.

Besides his wife he is survived by a son, Donald Howard, at home on the farm; a daughter, Mrs. J. A. Blair (Ethel Janet), Montreal; and five grandchildren, Billy and John Cooper, Janet, James and Elizabeth Blair.

Funeral service, conducted by Rev. H. Cotton, was held on October 16 from his late residence and interment was made in Newmarket cemetery. Pallbearers were Leslie Denne, Walter Travis, James Faris, Fred Baxter, Chas. Tugwell and G. B. Thompson.

Kettleby News

On Wednesday, Oct. 25, a number of friends and neighbors gathered in the parish hall to welcome the bride of Mr. J. Fawcett to our neighborhood and present the happy couple with small gifts for their home.

Sunday, Oct. 29, being the nearest Sunday to All Saints Day, a beautiful basket of mums was placed in the church in memory of our members who have passed on to higher service.

The vicar, Rev. F. V. Abbott, brought two important items to our attention on Sunday, Oct. 29: the Anglican church throughout the Dominion is carrying on a crusade through the month of November to get every member of the church to make a practice of attending God's house every Sunday with their families; a call has gone out to every parish from the church extension fund for funds to help build new churches in the new settlements which are springing up everywhere, due to the large number of immigrants who are coming into our country.

Christ church has been asked for \$180 and as we have about 35 families on our register, if each family will give the small sum of \$5, we can easily raise the money. Most families spend far more than that on amusements during the month, so how about it members? Will you please do this to help other people have a church to worship in? Donations can be sent to Rev. F. V. Abbott, Schomberg.

Services next Sunday, Nov. 5, at Christ church will be Sunday-school 2 p.m., evening service 3 p.m.

QUEENSVILLE

(See also page 3)

Mr. and Mrs. Leslie Wilson, Schomberg, and Mr. and Mrs. Carman Wilson, Kettleby, had supper on Sunday with Mr. Fred Wilson and Mr. and Mrs. J. Morritt.

Mr. and Mrs. Leslie Wilson had just left his brother's place and gone a short distance when Mr. Wilson died at the wheel of his car from a heart attack.

Mrs. Jack Kavanagh and Ann have returned from their holiday in Prince Edward Island.

An interesting meeting of the Home and School Association was held at the school on Monday evening under the capable leadership of Miss L. Colley, Barrie. Miss Colley spoke on Recreation. This was followed by games, folk dancing, part singing and rounds. A social half-hour followed the meeting.

Mr. and Mrs. Geo. Thompson, Mr. and Mrs. Frank Thompson, Davison and Mrs. Julia Click, Flint, Mich., called on Mr. and Mrs. A. J. Marles last Friday.

Sunday visitors of Mr. and Mrs. A. J. Marles were Mr. and Mrs. Geo. Doolittle and family of Newmarket, Mr. and Mrs. Harry Sedore and Wilfred, Keswick.

ARMITAGE

The Armitage Community club held its regular meeting and a euchre party last Friday night and it was well attended. The prize winners for the euchre were: ladies' first, Mrs. R. Diamond; men's first, Mr. Clayton Anderson; ladies' consolation, Mrs. W. Porter; men's consolation, Mr. Walter Terry; lucky draw prize, Mr. Doug Doner. Mr. and Mrs. Clayton Anderson were presented with a lamp from the community as a farewell token.

We are sorry to see Mr. and Mrs. Clayton Anderson and family leave the community and we wish them success in their new endeavour.

Congratulations to Mr. and Mrs. Malcolm Marlatt (Joan Stephenson) who are the proud parents of twin girls.

7TH CON. N.G.

The Jolly 16 Euchre club has now begun again at the home of Mrs. Percy Brown.

Mr. and Mrs. Russell Brown had 21 visitors on Sunday.

Mr. and Mrs. Percy Brown had 19 visitors, it being Mr. Brown's birthday.

Mr. and Mrs. Ley spent Sunday evening with Mr. and Mrs. John Wright.

Master Orville Ley will be celebrating his first birthday on Thursday, Nov. 2.

Mr. and Mrs. Mervin Vine, Toronto, spent Sunday with Mr. and Mrs. Norman Ley.

Miss Eleanor Bailey was home over the weekend.

Makes Finals In County Speech Tests

School children in grades seven and eight have been busy during the past few weeks preparing for the York county public speaking contests. Preliminary competitions were held in the individual rooms with the three finalists from the Newmarket schools speaking before the entire teaching staff at the King George school. These three speakers were: Isobel Rose, Alexander Muir; Patsy Cock, King George, and Donald Jackson, Prince Charles.

Donald Jackson won the decision to represent Newmarket in the semi-finals which were held at the Aurora public school October 23.

There were 11 contestants in these semi-finals at Aurora. They were from inspectorates one and eight of York county. Donald Jackson came first for inspectorate one in which Newmarket is grouped and Jean Hamilton, Weston, came first for inspectorate eight. From these two, Jean was chosen to represent both one and eight at the finals which will be held in the county council chambers, Toronto, at 2 p.m. on November 15.

For these public speaking contests York county is divided into five groups, each of which will be represented by one speaker in the finals. These groups are made up as follows: one and eight, three and four, two and seven, five and six and the separate schools. Prizes are awarded to the winner from each inspectorate as well as to the winners in the groups.

In addition to the prepared speech which could not be more than five minutes in length, each contestant at the preliminaries, semi-finals and finals gives an impromptu speech not exceeding three minutes in length. This year each contestant had to choose a subject pertaining to the history of the county of York as 1950 is the centennial year.

Teen Topics

By CRIS MOORE

Teen Topics is based on
letters received and does
not necessarily apply to
any one individual.

I have read some of your
previous columns, and I am hop-
ing that you will help me out.

I attend boarding school in To-
ronto, but was home for the
Thanksgiving weekend. While
there, I went out every night
with John and then the last night,
because of my bad temper, I had
an argument with him.

I thought that after three letters
of apology he would forgive and
forget, but I have had no reply.

As it is now, I will not see him
again until November 11 when we
will both be home again. I
would really like to go out with
him, so have you any suggestions
as to how I can go about it?

Last year at this time, we went
steady and once more due to my
bad temper we broke off and I
think he considers me a "jin."

and will not let himself get in
for any more of it.

I know that next time I will
not act so hastily in fighting
with him and since I have met
many other boys and I still think
the most of John, I cannot forget
him.

T.F.
The poor fellow! I really can't
say that I blame him much. It
is much harder to forgive and
forget than it sounds. He is
probably fed up with you and
your bad temper, and until you
learn to control it, your chances
with any boy will be very slim.

You tell me that you will not
act so hastily in fighting with
him in the future, but I believe
that he is going on your past, not
your intended future.

I am afraid that I cannot be
of any assistance to you in win-
ning him back. You have had
at least two chances, and appar-
ently haven't learned from either
of them. The only thing you can
do is to show by example that
you are really learning to con-
trol your temper.

Write your problems or
suggestions to Teen Topics,
care of Era and Express.

HALLOWEEN MEMOIRS

says

Halloween will have come and
gone before you read this and
we can only surmise what will
happen that night of nights.
What fun everyone could have
if innocent fun was all that Hal-
loween stands for! But no! As
the old saying goes, "Liberty
turns into license" and a great
many folk look forward with
dread of what may happen that
night after dark!

For the children, specially the
tiny ones, just putting on a mask
and dressing up in some fantas-
tic way and going from house to
house in their own neighborhood
for a "shell-out", constitutes the
height of their ambition, and af-
ter an hour of that fun—pretty
exciting to the small fry—they
are ready for home and bed.

Yes, that is all that Halloween
means to the smallest ones, and
they are satisfied with a few
jelly beans, orange and black, a
few gaily wrapped "kisses", a
few peanuts, a rosy apple or
two, a cookie or a bunch of
grapes—and trot home in glee
to show mum and dad the con-
tents of their basket or big paper
bag, and tell their exciting ad-
ventures about what they have
seen.

The hobgoblins, the witches,
the ghosts, the tramps, the fair-
ies, the ballet-dancers, the gy-
pies, the Robin Hoods and cow-
boys, the fire chief in a red hat
dragging a length of hose, a big
bunny, a big teddy-bear and a
mamma-doll, a boy dressed all in
black with big ears, and black
wings like an umbrella, called
himself a bat (ugh - it was hor-
rid!) and a boy dressed like a
pussy cat that said "meow" and
had long whiskers, and a boy
that barked like a dog—on a ne-
ver ending stream of talk, their
their enjoyment in the masquer-
ade quite over-topping their
pleasure in their shell-out bags.

Of course, the older the chil-
dren grow, so their interest in
Halloween changes with the
years, until as young men and
maiden Halloween parties are
the acme of Halloween fun. I
chuckled to myself the other day
to hear over the radio some of
the things we used to do as
girls. Doughnuts and cider were
considered suitable refreshments
to serve where now it is hot dogs
and a soft drink of some kind, or
a hamburger, or whatever mod-
ern youth indulges in!

We used to have all sorts of
Halloween games. No, that
isn't exactly the word - rites
and ceremonies shall I say? A
girl carrying a mirror walks
backwards down the cellar steps
and as she watches carefully her
"intended's" face will look over
her shoulder and she'll see him
in the mirror.

Did you ever make "mud-
balls" on Halloween when you
were young? You write three
names of boys on the girl's slip
of paper and girls' names on
three slips of paper for the boys.
In turn each goes out of the
room while the rest prepare the
mud balls with the three slips of
paper enclosed. As the victim
comes in he or she is given the
three mud balls which must be
dropped simultaneously in a ba-
sin of water and they must stir
till one slip comes up—you are
to grab the first slip to appear
and that's the one!

Somebody dressed as a witch
tells fortunes. Oh that used to
be an unending source of enjoy-
ment! We used to roast chest-
nuts, not the horse-chestnuts you
know, but the chestnuts we
used to buy in those old days—I
haven't seen any for a long
time but no doubt they are still
to be had. Ducking for apples
can be pretty sloppy—it is far
better to hang an apple up by a
string in a door-way and try to
bite it as it swings. But who
am I to tell young people how
to enjoy Halloween - they all
know how, and then some!

friends will be sorry to hear of
her serious illness.

Pages from the Editor's Notebook

We have had a jar of oysters in the icebox for the past several weeks. They were bought in case we needed something special for celebrations, but nothing much has happened lately, at least, not until last week when we could announce our editorial trophy. So last week, we opened them with great ceremony.

We looked about for some catsup (oysters like to be cuddled in a blanket of catsup, horseradish, etc.). There was no catsup and there was no horseradish. So we tried making our own sauce. First we laid on a base of lemon juice, to which we added some tomato juice. The mixture appeared thin so we thickened it with cream, giving the juice a somewhat pinkish appearance. It tasted flat so we salted and peppered with right goodwill and tasted it again. Ah, that was better, but something still was lacking. Paprika! That was it. So we dashed in some paprika.

The sauce wasn't bad at all but the third oyster tasted funny and the fourth oyster tasted worse so we postponed the celebration until the day we could have the little fellows served to us on the half shell.

A year or so ago, the story of Massey Harris was told in the book, *Harvest Triumphant*. The book had considerable success. Its success is likely to be paralleled in another biography of a business, *The Prudential—A Story of Human Security* (Doubleday & Co.), the story of the Prudential Insurance Co. of America, is published on the 75th anniversary of the firm's meagre beginnings.

There are other similarities between *Harvest Triumphant* and *The Prudential* besides the subject matter. The central figure in each is a man who had what his times required. Mas-

sey's beginnings were small but he left an implement firm which has become a giant among its contemporaries. John A. Dryden had an idea for insurance. The company he founded with pennies is now owned by its 26 million policy holders in United States and Canada and their savings, as represented in the company, total eight and three quarter billion dollars.

The story of how the pennies became millions reads in many ways like the distant echo of a Horatio Alger classic. Dryden's early life was one of discouragement and failure but he persisted until he was able to raise the backing he required for his insurance scheme. His vision and prudence guided the company through its formative years until it became a tremendous force in men's affairs.

It is an exciting book and as we remarked of *Harvest Triumphant*, it is a refreshing change from the practice of recent years of debunking accomplishment.

We tried on some new accessories in last week's issue of *The Era and Express*. Perhaps you noticed the appearance of new type faces on the women's pages and the front pages. We even changed the type on the editorial page. Never could leave well enough alone.

The new type faces are set for us by a machine not much larger than a washing machine. It is called a Ludlow Type Setting Machine and it sets the large type mechanically. We used to set all the large type by hand, place in the form, and then after the paper was printed, take it and return it to the type cases. It was an irksome practice. The new Ludlow is going to save us a lot of time there.

It will also mean an end of "work-ups", a term to describe the black smudges on the paper where spacing has worked loose under the vibration of the press and shows on the paper.

OCTOBER 30, 1925
The Young People's Society of Trinity United Church held a Halloween social last Monday night. Byron Scott, the literary vice president, took charge of the meeting. Miss Evelyn Bovair played a piano solo, Miss Beryl Bogart gave a paper on Halloween and Misses Lillian Hart and Marjorie Taylor sang a duet. Marjorie Blinn, social vice president, and her committee arranged games in the gym and then refreshments were served at tables gaily decorated with Halloween favors.

Mr. Harold Simmons has been transferred from the Newmarket branch of the Toronto bank to the Toronto branch.

Richmond Hill, Aurora and Newmarket high schools held their first annual interscholastic meet at Richmond Hill on October 24. Aurora high school won the junior and senior girls' championship medals. Newmarket won the school prize donated by Mr. Wm. Keith, M.L.A., the boys' senior championship medal and stands highest for junior championship. Total points were Newmarket 127, Richmond Hill 99, Aurora 87.

Eggs went up to 65 cents a doz. on the market Saturday.

Last Tuesday evening a party of 40 young people from Aurora gave a surprise party for Mr. and Mrs. Milton Mooby at their home in Newmarket. After a pleasant evening of cards, dancing and refreshments, Mr. and Mrs. Mooby were presented with a floor lamp.

Mr. J. D. Rowland, Mount Albert, has sold his residence to Dr. Carruthers and his hardware business to Boyce and Armstrong.

Between two and three inches of snow covered the ground yesterday morning for the first time this season.

Mrs. Melvin Moore, Mount Albert, has gone to California for the winter months.

NOVEMBER 2, 1900

There was a good market last Saturday morning but little change in prices. Butter sold from 17 to 20 cents and eggs from 17 to 19 cents. Dressed chickens 45 to 60 cents, dressed ducks 60 to 75 cents, dressed geese six cents a lb., dressed turkeys from eight to ten cents a lb. Potatoes 34 to 35 cents a bag, onions five cents each, pumpkins from five to ten cents, cabbage and cauliflower from three to five cents each.

Messrs. T. H. Travis, Ed Arratage, Lawrence Cane, Bert Marsh and Wilfred Travis left on Tuesday morning for the hunting grounds in the vicinity of the Musquash River.

Last Monday evening a few friends gathered at the home of Mr. Andrew and Mrs. Rebecca Lambie to spend a farewell evening with her daughter, Mrs. Marie Haight, and her husband, Mr. Arnold Haight, Prince Edward Co. Mr. and Mrs. Haight left on Wednesday for California.

After sawing 18,000 feet of lumber for Messrs. G. W. Heacock and John Boudway, Yonge St., Mr. W. C. Rutledge has moved his portable sawing machine to the farm of Charles Starr, Pine Orchard.

A. Dufre, W. J. Kester, K. Curli and C. Dufre, Zephyr, are getting ready for their annual hunting trip in Muskoka.

Messrs. J. Fleury's Sons have erected a new smokestack on their works at Aurora to replace the one blown down a few days ago.

Last Wednesday evening some of the friends of Mr. J. L. Ross, manager of the private banking firm of J. L. Ross & Co., Aurora, gave him a banquet at the Wellington hotel before his departure for Coldwater.

Mr. Reesor, Cedar Grove, who has been in Lehman's Pharmacy for the past month, left for Schomberg on Monday to assist in Mr. Fred Dennis' pharmacy.

WATCH OUT FOR HUCKSTERS

A few days ago, a somewhat shoddy man with a shifty eye knocked on our door and introduced himself as the "publicity director of Sears Roebuck" and told us he was conducting "a survey". We couldn't restrain our laugh at such a pretentious claim, and our caller left before we found out what he was selling.

Since then, we have heard of several other door-to-door canvassers whose mixture of gall and half-truths has coaxed householders into committing themselves to ridiculous purchases. There will be more of these fellows whose goal in life is to separate their customers from their bucks, by fair means or foul. The only way they can be effectively discouraged is at the doorstep, by the unbelieving stare and a threat to call the police.

There is good reason why Newmarket, Aurora and other rural municipalities should be the happy hunting grounds for these slickers. The number of gullible customers they find makes it worthwhile. That, and an over-developed bargain-hunting instinct costs Newmarket and Aurora people thousands of dollars each year.

The home-town merchants give discounts and terms to the extent that their product will permit. The stiff competition which exists right in your town is your guarantee of that. So when a hawker comes along with "a dollar down and a dollar a week" proposition, either you're going to pay twice what the product would have cost on Main St. or else you are going to be bilked on the quality of your purchase. Reputable manufacturers simply do not permit such unscrupulous sale of their products; what you buy at the door is second rate.

Don't be fooled by the salesman's claims. He'll give you a story which makes you think you are getting the crown jewels dirt cheap. If you fall for it, your bank account will begin to look like a slice of Swiss cheese, full of holes. Ask to see the man's credentials. Check with the town clerk's office to see if he has a permit. Don't believe the hokum about "working with the local merchant"; if he was, your merchant would be telling you about it.

No merchant is completely immune to unauthorized use of his name. We found out, much too late, to do anything about it, that one huckster was telling the householders that he was working in co-operation with the local paper. Don't take their word for these "arrangements". Check with the merchant whose name they use.

There are one or two firms whose representatives visit this district regularly; they are reputable, they have permits, and they announce their arrival in the paper. But for the rest, just remember that if a manufacturer has a decent product, he sells it through regular retail outlets. And if there are bargains to be had, that retail store will give them. When you buy from the transient huckster, you generally pay twice as much for half as much as your own merchant can give you. Don't be fooled.

FLOOD FUND SENDS THANKS

On the adjoining page, there is a reproduction of a resolution of thanks from the Manitoba Flood Relief Fund to the Canadian Weekly Newspapers Association, and *The Era and Express*.

We would prefer to believe that the resolution is directed to the weeklies on behalf of their readers, for whatever the assistance to the fund that the weeklies provided, it was generally from their readers that the contributions came.

The *Era and Express* had a part in getting the Newmarket and district fund started, and during the campaign, we gave considerable space to encouraging the campaign. Our part, however, was small compared to the efforts of the voluntary workers, and the generosity of the individuals, which made the Newmarket and district fund proportionately one of the largest in Canada.

So that while the resolution is addressed to the Canadian Weekly Newspapers Association and *The Era and Express*, for our part, we accept it on behalf of all those in this area who gave so generously of time and energy and material aid when it was so greatly needed.

TAX CHANGES INDICATED

Newmarket and Aurora both have climbing tax rates but neither town seems to rise above its immediate needs. As fast as the tax money is collected, it is spent on operation and maintenance costs. Citizens observing this condition have been inclined to place the blame on council but figures from Ottawa indicate that the councils are more the victims of changing times than they are guilty of poor administration.

The fact is that where municipalities used to collect and spend 30 percent of all tax money collected in the

country, nowadays they collect only 13 percent. At the same time, councils have been required to extend the scope of their expenditures, so much so that the province must assist them with heavy grants for education, health, roads, conservation and other services.

Here is how the tax collections break down: In 1939, the total taxes collected on the three levels, municipal, provincial and federal, totalled about \$95 a person in Canada. Today, it is about \$260. In 1939, the federal government collected 48 percent of total tax revenues; today it is 67 percent. In 1939, the provincial government collected 22 percent; today, they collect 20 percent. In 1939, the municipalities collected \$315 millions or 30 percent; today they collect \$5 millions or 13 percent.

One result of this changing tax picture is that the municipalities are becoming increasingly dependent upon provincial grants. The province provides these grants generously, but with provincial money comes provincial control over the municipalities with a resultant deterioration of the autonomy of local government. It is a dangerous process; the centralization of administration has meant a top-heavy civil service and the development of a bureaucratic mind which imposes all manner of stupid conditions upon local administrations.

About 75 percent of all municipal revenue comes from real property taxes, about the same proportion as a decade ago. One result of this is seen in Toronto's financial problems. There, an increasing cost of operation is over-balancing a limited source of property taxation. The city looks for relief by enlarging its base of property taxation, i.e. amalgamation. But this can offer no real relief; the condition will merely repeat itself some years hence.

What is required is a complete overhauling of our tax system to give the three levels of government tax fields more compatible with their needs, and to reduce payment of grants from one level of government to another. Tax money should be spent as closely to its source as possible so that those who pay the taxes have a stronger control over their disposition.

TO DISCUSS CONSERVATION

The Radio Forum topic for next Monday is conservation. It is a good choice and has particular application in the Holland River watershed where there is general agreement that conservation measures are required, but where, like in so many other localities, no one does anything about it.

One meeting of representatives of the municipalities lying wholly or partly within the watershed was held but it was adjourned when it was found that the meeting was one or two short of a quorum. A second meeting within a couple of weeks was to have been held but it never was called.

One reason for the dilatory attitude so evident towards conservation has been the generally good supplies of water this year. Last summer was dry and municipal representatives as well as farmers were driven to consideration of conservation proposals by the extremity of their situation. Are we now to wait until another dry year before conservation proposals are considered again?

Conservation is a term which covers other considerations than water supply and soil erosion. In this respect, Newmarket is showing some forward thinking by its proposed anti-smoke by-law and by its preparation for the construction of a sewage disposal plant. The latter, of course, has been a long time coming, and the decision to build the system does not reflect any particular credit upon the council. But it is a step in the right direction and these anti-pollution measures, against smoke and sewage, are all part of the conservation pattern.

HALLOWE'EN ENTERTAINMENT

The annual Halloween entertainment at the arena was begun after a particularly bad Halloween when there was extensive property damage. It was thought that the provision of a program of entertainment would take the children off the streets and reduce mischief. The theory seemed to work for a while, but the school population has so grown that the Halloween entertainment has become an undertaking of a size to be impractical.

As an alternative to the delays, and the lateness which characterized this year's program, we suggest a return to the small school or classroom parties. Children derive little benefit from being crowded together in the arena, particularly if the ice is down and the playing surface can't be used. The smaller parties would retain the intimacy the children enjoy and could be had with far less trouble than in the organization of a program for all the schools.

Office Cat Reports Catnips By Ginger

The Halloween pranksters carried off Slim Bliggen's shack on Tuesday. While the local artist slept, a number of strong arm gigolos lifted the edifice onto a flat car with Slim snoring inside.

Fate brought about the action of a slow moving freight which subsequently transported the local natural born artist's home containing his entire collection of paintings to a siding at Bear's Shimbone Junction.

On the morrow after, Slim arose to find himself in a new environment with a gaping populace out to do homage to our own primitive artist.

The incident has introduced the first known mobile art collection by rail in these parts. Taking advantage of the situation, Slim held an on-the-spot exhibition for the benefit of the Bear's Shimbone Junction citizenry.

Your favorite cat reporter travelled into the community yesterday by hand car to obtain a first hand report of these unbelievable happenings. Mayor Maenot of Bear's Shimbone Junction was on hand to pay civic respect to the celebrated artist.

"We of the community of Bear's Shimbone Junction are honored by the presence of this notary and his travelling show," he announced. "I personally guarantee, as mayor of Shimbone Junction, that the gentleman here has a good clean show, fit for men, women or children and without obscenities."

Before our hero could lift a finger to prevent it, a local bum hired himself out as a Barker and with a hat took a collection of \$305.62, taking his ten percent therefrom and returning the balance which more than paid for his return freight leaving a bit over for the Community Chest.

Hence were the favorable ramifications of Halloween Even for our hero.

"We're wizard at figures at Gorgan's! Here's black nylon taffeta, feather light, designed to give the average figure a sleek, smooth hipline... giraffe with waist hugging slay up top... long line matching bra... smooth svelto, with cups of nylon lace."

Slim turned the page of the morning paper. "Wimmin just lap up that there stuff," he said wryly, "Just lap it up. Listen to them words and cleeches: wizard at figures, feather light, smooth and svelto."

"Svelto again!" I said. "They are still talking about those svelto women I once wrote about who walk along Bloor St. between Yonge and Bay."

Slim and me were discussing the modern way of life, the American standard of living and its relation to advertising, a profound undertaking. Slim had just finished an exposition of his judgment regarding an advertisement by a new women's store recently opened.

"You know," says Slim Bliggen, "if it weren't for New York, Paris, London and advertising, there'd be a lot of starving mammy pantries out of jobs."

"Yes, I suppose," I said. "Gals like Ananole whose hat of the week caused six divorces and three runaway horses."

"It's this way of life we lead. Too much accent on the material things," said Slim.

The farmers have in the past thought in terms of need and the ability of the consumer to pay.

The October wheatstraw, barbed-wire, and all kinds of other things over the farmer's crop and considered the ability of the farmer to pay for their products that year. The farmer in turn took into consideration the need of those people's family, and a fair exchange of goods and services was agreed on.

Today, our economy does not work from a base of need and ability to pay.

Our economy today is based on pressure of groups and individuals. In order that the farmer can be brought up to date in his thinking, some changes must be made. From now on, the consumer will pay for a bushel of wheat but only get 48 pounds instead of 60 pounds. He will pay for 75 pounds of potatoes but only receive 60 pounds. This will compare favorably with labor's demand for a 40-hour week with the same take home pay.

They will be given only ten eggs to the dozen, all meat will be sold at 13 ounces to the pound and this extra money will go into the farmers' hospital and pension funds.

The top of the milk bottle will be colored white two inches down. Small letters on the bottle will tell how many ounces of milk the bottle contains. This will compare with the packet of merchandise that looks like a pound but in small print says it only contains 14 ounces. How else will the farmer force his demands for these things except by hunger? In this vicious circle of pressure economy, there is no thought given to the people. We farmers don't know what effect this change will have on the country economy. Just let it find its own level. That is the way the dollar was changed.

Now, for the farmer to under-

An Aurora Opinion

"Dip your pens in the ink of Friendship," advised Romuald Bourque addressing the annual convention of the Canadian Weekly Newspaper Association held in Quebec City last week. He told the 300 delegates gathered in the spacious ballroom of the Chateau Frontenac that the weekly newspapers of Canada hold a place second to none as ambassadors of unity.

We were inspired by his sincerity of our resolution to dismiss all prejudice was soon tried. We had to ask for an English menu in a famous restaurant on the Rue De La Fabrique. We were tired of our repeated bravery in ordering boeuf, pommes de terre and petits pois. We wanted some honest to gosh hash! This request of course gave us away as that most miserable of all mortals, L'Anglais. We were eyed with a cold and suspicious glare. We tried all our little tricks to bring a smile to the face of our waitress, we even determinedly ignored her discourteous service. We as a newly appointed ambassador of unity dipped our pen deep in the recommended ink.

There was just one thing wrong with Mayor Bourque's brilliant speech. Before he began, he should have gone into the corridors of the Chateau and brought back the bell boys, the chamber maids, tourist guides and elevator operators to listen to his message. His address should not have been beamed just at a group whose knowledge of the native tongue of this vast province was of high school calibre. His own people needed that message too, for even as he spoke editors of French weeklies were registering for their own convention which would start as the members of the C.W.N.A. checked out. A united Canada will never occur as long as we keep alive the memory of those "who hid in the bush so they wouldn't have to fight with the British during the past two wars. We must remember only the gallant regiments totally recruited in Quebec. These people who have been steeped for generations in the bitterness of defeat in 1759 must lift their eyes to the broader picture of this land which is theirs as well as ours.

Only nine of Hawaii's 20 islands are inhabited.

We did not have to use our imagination to feel the impact of his prophesy for Canada if we, as newspaper people, used the facilities of the press in the spirit of a nation and not just provincially. We were still experiencing the glow of "friendship", heady as good wine, as we climbed the steep streets of the city following Mayor Bourque's address. The

Discuss School Area Of Three Sections, Seek S.S. 13 Location

At a meeting at Vandorf municipal office October 25, school boards of S. S. 13, 6 and 7, Whitechurch, discussed the formation of a school area for the three school sections. To establish an area to meet the need, the present boundaries of the newly formed section 13 at Lake Wilcox would require adjustment, Inspector O. M. McKillop stated.

This way, those children now in sections six and seven who live closer to the proposed new school site would be rated resident students, the inspector stated. Some 200 are ready to step into the Lake Wilcox school when erected. There are a dozen or so from each of the other sections likely to attend Lake Wilcox. Some are presently two miles from schools and are ten years and under.

Site Being Selected
"A local school area is the right idea," Alfred Patchell, chairman of S. S. 13, states. This week his trustee board with the township council and Inspector McKillop is out looking over sites for the Wilcox school. "We have had a good offer," he said, "for a three and a half acre location." Upon the selection of a site, notices for a ratepayers' meeting will be posted six days in advance of a public meeting when proper holders of the school section will vote on the issue. In a matter of a week or ten days it will be known whether the selection of a site meets with property owners approval. Otherwise an arbitration board would be called in to decide on a location, the chairman pointed out.

Under an area system, each of the three schools would receive an additional \$300 grant per year from the department of education. A great deal of time and thought is being given to survey of properties for the school site. The job is "not without headaches," said Mr. Patchell. "Every member of the board is anxious to do his best for the benefit of taxpayers and the children who will form the students of the new school." In Mr. Wilfred Locking, Morley Ave., the board has chosen a qualified secretary-treasurer. Other trustees are Fred Lynn and Richard Ward.

A daughter was born to Mr. and Mrs. Robert Thompson on Friday, Oct. 19, at York County hospital, Newmarket.

Mr. and Mrs. John Bingham and two children, Barry and Bonnie, Elm Grove Ave., were in King on Monday evening for the turkey banquet sponsored by the Legion branch and Legion Ladies' Auxiliary of King.

Members of Oak Ridges Riding club surprised their teacher, Miss Marilyn Hawman, on October 19 with a birthday party, presenting her with a useful gift, with president Bobby Woolley doing the honors. Katherine Gunn, a member of the club, has brought distinction to the group with ribbons won at the beginners' events October 14 in the Junior Horse Show sponsored by the Eglington Pony club. She placed first in the bareback equitation. In the jumping classes of October 21, Katherine placed second in beginners' jumping and second in the team of three jumpers riding with two Toronto children. "Rumba", owned by Allan Connors, was ridden by Katherine.

Anne Rowe, six, was the youngest competitor of the Pony club classes held on October 14, riding "Judy" at the Bayview Eglington meet, placing second in the maiden equitation class. Through her training under Miss Hawman, her natural aptitude and skill made the six-year-old girl an attractive personality. With Johnny Woolley, eight, Anne will represent the local riding club at the Royal Winter Fair.

On November 18 at 2.30 p.m. they will ride in the children's pony classes. On hand to view and cheer will be Miss Hawman, others of Oak Ridges Riding club and interested local friends.

The funeral service of Mr. Oliver Boyle, held last week from Wright and Taylor Funeral Chapel, Richmond Hill, was largely attended. The profusion of floral tributes marked the esteem held for the deceased and the sympathy felt for members of his family. Rev. D. F. C. Michell, rector of St. John's Anglican church, officiated. Misses Henderson, Gormley, sang. Interment was in Trinity cemetery, Thornhill. Mrs. Boyle, wife of the deceased, has moved to Thornhill where she and her late husband had planned to live just prior to his sudden passing.

Arrested for Speeding
Possession of a brand new nine-day-old driver's licence led to the arrest of Robert Wilson, 22, Cambridge Ave., Toronto, October 23, charged with dangerous and careless driving after he had "tried out the speed" of his vehicle racing at 70 miles per hour on Lake Wilcox roads. Wilson told Chief Richard Mulholland, Whitechurch twp., he wanted to know "how fast the car could go." He found out.

WELLER-HACKNER

WRITES OCTOBER 14

Ilah Mary, daughter of Mr. and Mrs. James Hackner, Scott twp., and Mr. Ross Melville Weller, son of Mrs. Weller, Scott twp., and the late Mr. James Weller, were united in marriage on October 14. Rev. W. M. Mustard, North Broadview United church, Toronto, performed the ceremony at the home of the bride's parents before an arch banked with gladoli and yellow mums. Mrs. Walter Carruthers was organist and Miss Mona Armstrong, soloist.

Given in marriage by her father, the bride wore a white satin gown with lace yoke and sleeves and a drape overskirt. A halo held her veil of net and lace and she carried a bouquet of red roses and white baby mums. Miss Ona Meek wore pale blue net over taffeta with matching head-dress and mittens and carried red roses and white mums. The flowergirl, Yvonne Hackner, niece of the bride, in pink nylon over taffeta with matching mittens and head-dress, carried pink roses. Mr. Bennett Grose was best man.

For the reception the bride's

manager and township farmer, was named president of Oak Ridges and Lake Wilcox Ratepayers' Association at a meeting held on October 25. The unanimous choice fills the vacancy created in the resignation of R. D. Renwick, who has moved out of the district. He was nominated by D. Cook, a vice president of the organization. Mr. McCarron was very recently chosen municipal council candidate by the association.

Arthur Gidding was named to the executive replacing A. McDonald. Mr. Sharpe will replace R. J. Woolley, Sr. and Alfred Patchell was added to the executive committee. William Hope and Mr. Sharpe were appointed representatives of the association to seek action from the township council on an improvement plan of the North Lake Wilcox road.

There were Hallowe'en celebrations for juniors in the afternoon at school Tuesday while the seniors had an evening of music, folk dancing, costumes and refreshments. Another party was given by Mrs. William Ashby, Lake Wilcox, for the neighborhood little folk at her Wildwood Ave. home on Tuesday evening. About 51 costumed children assembled at No. 12, branching out to conduct a house to house visiting tour. Afterward they enjoyed games, candied apples, sandwiches, soft drinks, candy and lots more prepared by Mrs. Ashby, whose daughter, Judy, 5, was one of the group.

Mr. Horace Brown, founder and director of the Canadian March of Dimes, returned on Monday from a convention at Chicago for the executive directors of the Ontario board and others. He was on Don McNeil's Breakfast Club radio program on Monday morning and at Oak Ridges by night, travelling by air.

Mr. Norman Taylor was best man for his brother, Charles, at his wedding in Toronto last week.

Guide Captain Wanted
The pertinent question in Oak Ridges 1st Guide quarters today is "who will volunteer for captain?" The girls need a leader and Mrs. D. R. Gunn, county guide commissioner, is confronted with a problem on her own home ground, which she hopes will be solved in the near future. Lieut. Joan Appleton is not able to fill the office due to other duties.

The Ladies' Auxiliary to the Guide company is planning a fund raising event for the middle of November. Guides will be present skits, there will be a travelogue film and entertainment.

Dies in Accident
Tragedy struck the Gordon family at Lake Wilcox early last Saturday morning when Ernest Gordon, 35, husband of Jean Gordon and father of three young children, died when his transport collided with a car at King-street and struck a hydro high-tension pole.

The accident occurred in the early hours of a fog-wrapped morning. A woman passenger in the car died.

Gordon was to have been presented with a purse of money and a watch for 15 years of accident-free driving. Dr. H. M. Campbell, Kingston, driver of the car, suffered leg amputation following the accident.

Officials of the transport company notified Mrs. Gordon of the death of her husband. Mrs. D. Newhall and Mrs. W. Ashby kept the three children during her absence in Toronto Saturday forenoon. Later Mrs. Gordon and children left for her parents' home in the city. Mr. Gordon's parents also live in North Toronto.

The funeral service was held on Tuesday, Oct. 31, from A. W. Miles Funeral Parlours, Toronto, interment in Mount Pleasant cemetery.

Mrs. Gordon was the former Jean Doige. The children are Jean, 2; Belle, 7 and Marlene 9.

RESOLUTION

To: The Canadian Weekly Newspapers Association
and The Newmarket Era and Express
From: The Manitoba Flood Relief Fund

WHEREAS during the disastrous Manitoba Flood in the spring of 1950, there was evidenced a desire on the part of the citizens of Canada and elsewhere to help in some way to relieve the distress of the flood victims; and

WHEREAS it was apparent that there was no agency then in existence which could give aid in such matters as restoring losses of furniture and personal belongings of those whose homes had been flooded; and

WHEREAS it was apparent that without such aid many families would suffer crippling losses and in many cases be rendered destitute as a result of the flood; and

WHEREAS the Manitoba Flood Relief Fund was set up, under the honorary chairmanship of the Lieutenant-Governor of Manitoba, the Premier of Manitoba, the Mayor of Winnipeg, the Mayor of St. Boniface and the Manitoba Consul-General of the United States to receive contributions from those who wished to help; and

WHEREAS local funds were opened in many municipalities throughout the country, in large part through the efforts of the Weekly Newspapers of Canada, with the sympathetic assistance of the Weekly Newspapers Association and the Provincial Divisions of the Association; and

WHEREAS the proceeds of funds so collected have added materially to the magnificent total received for aid to the flood victims of the Red River Valley; and such aid going out promptly has had a great effect in maintaining the morale of the people who have suffered so grievously;

BE IT THEREFORE RESOLVED

THAT the Officers of the Manitoba Flood Relief Fund extend to the Weekly Newspapers of Canada, through the Canadian Weekly Newspapers Association in Conference in Quebec City, heartfelt gratitude and appreciation on behalf of the trustees of the Manitoba Flood Relief Fund and of the flood victims of the Red River Valley, for their heartwarming sympathy and their practical expression of it in their efforts on behalf of the Fund;

AND THAT the said newspapers be asked to extend to the citizens of their territories, the appreciation of the people of the Red River Valley for the assistance given, through the Manitoba Flood Relief Fund, for the rehabilitation of flood victims.

IN MEMORIAM
In loving memory of
A beloved daughter, Joan E. Lascumb, who passed away November 7, 1944.
Take her in Thine arms dear Lord
And ever let her be
A messenger of love
Between our hearts and Thee.
Ever remembered by mother.
Lascumb—In loving memory of my sister, Joan E. Lascumb, who passed away November 7, 1944. What would we give her hand to
class,
Her patient face to see;
To hear her voice, to see her smile,
As in the days that used to be,
But some sweet day will meet
again,
Beyond the toll and strife,
And clasp each other's hand once
more
In Heaven, that happy life.
Ever remembered by sister
Joyce and brother-in-law George.

FRIENDS' MEETING
Botsford Street
9:

In Memoriam

Lacomb—In loving memory of Joan Lacomb, who passed away November 7, 1944. You went away without farewell. You said good-bye to none. But Heaven's gate was open wide. And a loving voice said "Come". Ever remembered by Mr. and Mrs. Frank Eakins.

Milligan—In memory of our loving mother, Eliza Mary, who passed away October 31, 1947. When days are dark and friends are few, Dear mother, how we think of you. Friends are friends if they are true. We lost our best friend when we lost you. Sadly missed by Martha, Fred and grandchildren.

Milligan—In loving memory of a dear wife and mother, Elizabeth Milligan, who passed away October 31, 1947. Two dear bright eyes, a tender smile. A loving heart that knew no guile; Deep trust in God that all was right. Her joy to make some other bright; If sick or suffering one she knew, Some gentle act of love she'd do; No thought of self, but of the other; I know He said, "Well done, dear mother." Lovingly remembered by husband, Minnie, Dave and family.

Smart—In loving memory of a dear husband and father, Ellis

Smart, who passed away October 31, 1945. He suffered patiently and long. His hope was bright, his faith was strong. The peace of Jesus filled his breast And in His arms he sank to rest. Ever remembered by wife and family.

Smart—In memory of my father, Ellis Smart, who passed away October 31, 1945. His smiling way and pleasant face. Are a pleasure to recall; He had a kindly word for each, And died beloved by all. Some day we hope to meet him, Some day, we know not when, To clasp his hand in the better land. Never to part again. Ever remembered by son George and daughter-in-law Joyce.

Talk On Child Care, Film Demonstration, Features Of Meeting

A successful meeting of the Newmarket Home and School association was held at the Agricultural Board rooms on Tuesday, October 24. The meeting was opened by prayer, led by Mrs. J. T. Rhodes, religious education convener. This was followed by the singing of "O Canada" with Mrs. Gordon Downward at the piano.

Mrs. Howard Morton, president, welcomed the many parents and teachers in attendance and turned the meeting over to the convener of the audio-visual aids committee, Mrs. B. L. Sinclair.

The guest speaker, Mrs. W. G. Allen, Toronto, was introduced by Mrs. Sinclair and thanked by Mrs. H. F. Dunham. She spoke on the sight saving classes which are held in Toronto. Her talk was most interesting and was well received by the group.

Mr. J. S. Robinson, General Films Ltd., demonstrated the film strip projector. He showed pictures of Holland and a sound movie on the same subject.

Dr. Margaret Arkinstall gave a short talk on child study. Dr. Arkinstall, who is the convener of home education, based her remarks on Dr. Karl Bernhardt's character education.

The meeting came to a close with the playing of the National Anthem with Mrs. Albert Linden at the piano.

CBC ASKS ADVICE ON CHILD PROGRAMS

A CBC survey is being conducted at the present time to find out what Home and School Association members think about the programs, "Cuckoo Clock House" and "Kindergarten of the Air", both of which are carried by CBL.

Members of the Newmarket association are requested to contact either the president, Mrs. Howard Morton, or the convener of the audio-visual aids committee, Mrs. B. L. Sinclair, regarding their reactions to these radio programs.

Newmarket Legion News

Our building is nearing completion, but a lot of work remains to be done. Last Saturday the "closing in" of the hall was completed, in order to make the building ready for the finishing jobs on the inside and outside walls.

The stairway at the front of the building is being built now, and the basement will soon be ready for cementing. Then we will have the heating unit installed, which we hope will permit us to use the hall for our meetings and social evenings.

It will take quite a while yet, and quite a lot of labor by members, to have our hall completed, but we hope to have enough work completed by the time the snow flies, to have our hall in condition to use.

Comrade Milt Wesley and his committee have done a grand job to date, and the Legion members of this branch owe them a debt of which I am sure can be paid by coming up evenings and Saturdays to help. Good work Milt!

Next Saturday is the night of our big draw. Come down to the arena and help your Ways and Means committee to put across this dance and draw in such a way that the citizens of our community and surrounding districts will enjoy this evening to the

YOUNG HOPEFULS BY DOROTHY MUIR BOWMAN

Feared He'd Go Down Drain Child Afraid Of Tub Bath

Buddy, nine years old, reveals the secret of a disturbance of earlier years.

Although Buddy is still rather a nervous child and frankly afraid of some situations, he has advanced to the point of revealing the secret for his panicky behavior when he was a three-year-old.

Buddy's mother just learned recently why Buddy became panicky when he was bathed in a tub. He was quite happy about his tub baths until the age of three years. Then it became much simpler to sponge him and avoid his frustration fits.

It wasn't as if Buddy was afraid of large quantities of water. He thoroughly delighted paddling his little body in the lake and had to be watched carefully because he had no fear of the water.

There was never an occasion when Buddy had fallen or even slipped in the tub. Nevertheless, for three whole years, he was spared the tortures he endured

when a tub bath was on the program—except for one month just to make certain he hadn't outgrown the fear. It was also thought that eventually he would become accustomed to the fact that there was really no cause for alarm.

It is quite possible that Buddy would have overcome his fears earlier if he had experienced his tub baths often. However, by the time he was six, his fears had subsided.

Buddy waited another three years before he revealed the secret fear of bathing in a tub. It seems that he was afraid of going down the drain with the water. Lakes didn't frighten him because the water never disappeared from them.

If Buddy's mother had known his secret, she would have waited till he was out of the tub before releasing the water. Fears result from lack of understanding combined with a little knowledge in most instances.

Needlecraft News

by Pauline Roy

THINK back to last December—to the hustle and bustle of your pre-holiday preparations. Time heals all wounds, they say, or perhaps you've forgotten how hectic that last week was. But if you really think back to it you'll recall that you probably rushed madly around finishing up last minute jobs that could have been done much in advance. Of course, it's a natural human failing to put things off. But it's definitely not good for the nerves or the disposition. And then, too, you miss so much of the fun of Christmas planning when you have to turn your self inside-out to have everything ready in time.

Your Christmas gift list presents the biggest problem—as it does to us all. First of all you have to make out the list and it is probably longer this year than ever before. A Christmas list has a way of coloring itself. Then beside the name you'll start filling in what each person would like—there'll be many blank spaces until you can think of an appropriate gift for some of your friends and relatives.

Now we come to the problem of budget. You probably have just as much money you have set aside for gifts. Perhaps you've had a Christmas Club or some other fund and you don't want to exceed that limit. What you can do is make many of your presents yourself. In this way you'll cut expenses down to a minimum and have a personalized gift for each person on your list.

Pictured above is a pretty ruffled organza apron made of floral printed material with plain white frills. This one is of blue printed organza trimmed with white but you may combine any colors and materials which appeal to you. It's a good idea to make use of any pretty leftover material you may have tucked away at the bottom of your sewing basket. Try cutting one for and give the pair to a friend with a small daughter. Or, if you're making several, save time and work by cutting all the pieces for them at the same time and sew them all another afternoon. Write to the Needlework Dept. of this paper if you would like to have directions for making this ORGANZA APRON, Ladies No. 2-1661. Please enclose a stamped, self-addressed envelope.

IT'S A Woman's World

By CAROLINE ION

At the October meeting of the Newmarket Business and Professional Women's club, Miss Norine Ayers gave a report of her trip to Nova Scotia this summer when she attended the B. and P. convention at Halifax. For those who remained at home we are repeating the highlights of her talk.

"The morning of July 12 saw 29 of us board an Acadia bus and drive along the highway in the mist. Gradually the haze lifted and we could appreciate to the full the wonderful scenery which was so different to anything that the residents of the inland provinces were in the habit of seeing. The highway twisted through sleepy villages and towns and curved around quiet inlets. To most of us, these places had formerly been merely names or dots on the map and now were to have the thrill of seeing this part of Canada which is so rich in historic importance.

"The first stop was at Chester. Those of us from Ontario remarked that the wooded and rocky sections were similar to the country which we know in the Muskoka and Haliburton districts.

"It was exciting to see the double yokes of oxen. Their coats shone like dark red satin and the harness was also polished to perfection. Some of the forehead yokes were carved. A single yoke of oxen was drawing a load of lumber down the main street of Shelburne.

"At Shag Harbor we stopped to see where Mrs. E. M. Richardson, authoress of 'We Keep A Light', came to the mainland. We visited the home of a Mr. Nickerson and saw a couple of chairs which his father had made from 36 pieces of wreckage which had been cast up on the shore. Two pieces of wood were from a Cunard White Star liner. On the wall was the outline of Sable Island done in white against a blue background. The names and dates of some 400 wrecks were printed in white around the outline of the island.

"The swordfish fleet was 'in' at Yarmouth. The 'swords' are dried, seasoned and made into very authentic looking swords by the addition of a wooden hilt. They are varnished and sold for souvenirs.

"While in Yarmouth we joined the Order of the Good Time to become members of the oldest social club in North America, it having been formed in the winter of 1604-5. Champlain was the first president and Lord Alexander is the present president.

"We had an hour to window shop in the stores of Digby and were thrilled to be able to have dinner at the posh Digby Pines hotel. Dinner music was supplied by a string quartet with piano accompaniment. We greatly admired the well kept grounds, the beautiful beds of flowers and the lush swimming pool with its heated ocean water.

"I like the story of the Digby chicken. When the English Loyalists reached Digby in 1783, they had to spend the first winter in their ships, which were frozen in the ice. Tents were put up, to try to keep out the weather. They were pitifully short of food and considered themselves lucky to get some herring for Christmas dinner. They called that fish a Digby chicken and the term has spread

to the whole province. Several years ago a man from Kentucky who was collecting the wish bones of all kinds of birds came to Nova Scotia looking for a specimen of the Digby chicken. He was solemnly directed to the town of Digby. What he said when he found out what a Digby chicken was, does not bear repeating.

Into Older World

"The trip along the Fundy side of Nova Scotia took us into an older world than we of central and western Canada have known as our own. We learned that Fort Anne had changed hands seven times between the French and the English.

"The Habitation at Port Royal was the site of the oldest settlement of white men in Canada. The buildings have been restored accurately and furnished exactly as when Champlain used them in 1604. It was most impressive to see the little windows, the strong log bastions, the canopied beds, the tools and utensils of that era. One almost expected to see one of the gentlemen of the 17th century in the quadrangle.

"Passing through Wolfville, there was a glimpse of Acadia University. The mayor of Grand Pre is a woman, a Mrs. Porter.

"At the Evangeline Memorial park our guide pointed out the willows planted by the early Acadians and now over 300 years old. There is an old wishing well, the notable statue of Evangeline and the church reconstructed on the exact spot but enlarged and now an excellent museum. A mile away was a black cross on a hill which marked the place the Acadians were put on the ships at the time of expulsion. The statue of Evangeline portrays her quite literally as 'two-faced'.

When one approaches the statue from the left, one sees a young girl, but when one walks around the statue and looks at the right side of her face, it is that of an older woman with the lines of age clearly marked. One sees that the hair is drawn severely back under a bonnet; the right shoulder is rounded and the lines of the dress are plain and lack of fullness that is shown in the loose folds of the front skirt.

Miles of Dikes

"The miles and miles of dikes fascinated me. It was pointed out that 70,000 acres are under cultivation by reason of this network of dykes. The Avon River which flows from Hantsport to Windsor has the highest tides in the world—50 to 60 feet. The tide was half in and there were red streaks in the water which was caused by silt. When the tide is out, the river looks like melted chocolate.

"At Windsor, the home of Judge Thomas Chandler Haliburton, author of Sam Slick, is now a museum preserving in all respects the life of a century ago. His beautiful books are on display. Exquisite antique china and highly polished furniture are to be seen. I saw my first trundle bed and my first field bed which had been brought from England. The trundle bed was in the spool design.

"The headquarters while in Cape Breton was Inverary Inn at Baddeck. A former member of the Halifax B. and P. club invited

us to her home one evening. I was pleasantly surprised to learn that her sister, Helen MacDunn, who is now assistant director of handicrafts for the province of Nova Scotia, had attended school with Sarah Jones from Newmarket.

"St. Ann's Gaelic College is the only one of its kind in Canada. There is a museum containing interesting relics of the early days. There is another large building where handicrafts are sold. The dancing instructor had a class of kilten lasses and he was giving them some of the fine points of the Scottish reels and various other dances. The

COUPLE TO LIVE

AT KETTLEBY

"Kaywood Farm", Ballycroy, home of Mr. and Mrs. David McElwain, was the setting for the marriage of Doris Jean, daughter of the late Mr. and Mrs. Geo. Goodeve, Orangeville, to Mr. John William Fawcett, son of Mr. and Mrs. Charles Fawcett, Kettleby. Asters, roses and chrysanthemums formed the background for the evening ceremony and Rev. James Dorrian, Tottenham, officiated.

The bride, given in marriage by Mr. David McElwain, wore a gown of white satin with long

sleeves and gathered skirt ending in a slight train. A matching headpiece held her fingertip veil and she carried a shower of red roses. She wore Lady Hamilton pearls, the gift of the groom. Her attendant was her sister, Mrs. Annie Silk, wearing copper satin with bustle back and headpiece of yellow and bronze chrysanthemums to match her bouquet. Mr. John T. Jones, King, was best man.

After the wedding dinner, the couple left on a wedding trip and will live on the groom's farm at Kettleby.

Mr. and Mrs. Marshall Norman Wilson are cutting the cake after their wedding in Trinity Anglican church, Aurora. The bride, the former Margaret Elizabeth Brodie, is the daughter of Mrs. Brodie and the late Alfred Brodie. Mr. and Mrs. Wilson are residing in Kettleby.

THE HOMEMAKERS

The Frost Is On The Pumpkin

Pumpkins were cultivated in the fields of maize, by the Indians, before the coming of Columbus. Now, five centuries later, we still grow pumpkins between the rows of corn.

Probably it was because of a plentiful crop of pumpkin that the first Jack O'Lantern was carved from a big pumpkin to frighten the ghosts on Halloween. For the same reason the first pumpkin pie was made from this fruit as a special dessert to be served at the feast of Thanksgiving for the bountiful harvest.

At one time there was great competition among pumpkin growers as to who could produce the largest pumpkins. Huge 200 pounders were often exhibited at fall fairs. These mammoth pumpkins are fine for cattle but many varieties of smaller size and finer texture have been developed for home use.

Pumpkins will keep for months if the storage place is dry and cool and they do not touch each other. Occasional wiping with a dry cloth also aids in keeping them longer. Some homemakers prefer to can the pumpkin in the fall and then it is ready for use when needed.

French people like to add pumpkin to stews and also make it into a delicious potage. A delicious jam also had its origin in France. There are Canadian versions of these delicacies.

CANNED PUMPKIN

Cut pumpkin, remove seeds and stringy fiber. Cut into pieces. Steam, bake or boil in a small amount of water until tender. Scrape the pulp from the skins and press through a sieve or mash until very smooth.

Put the pulp in a preserving kettle and bring to boiling. Add a little water if necessary to prevent scorching. Pack hot leaving 1/2 inch headspace. Seal tin cans or vacuum-type sealers. Partially seal screw or spring top sealers. Process small (pint) sealers or 20 ounce cans at 10 pounds pressure for 70 minutes. Medium (quart) sealers require 80 minutes at 10 pounds pressure. If the boiling water bath is used for processing, allow 3 hours steady boiling. C-enamel cans with a dull gold lining should be used for pumpkin to prevent discoloration. This type of can comes in 20 ounce size only.

PUMPKIN SOUP

1 small onion, thinly sliced
2 tsp. melted fat
3 cups diced pumpkin
1 1/2 cups tomatoes
1 tsp. sugar
1/2 tsp. salt
2 cups cold water
1 1/2 cups milk
1 egg yolk
Cook onion slowly in 1 tsp. fat. Add pumpkin, tomatoes, sugar, salt and 1 cup water. Cook until pumpkin is tender, then rub through sieve. Heat milk and add to the puree. Mix remainder of melted fat with beaten egg yolk and remaining water. Add to the soup, reheat. Serve with croutons. Yield: six servings.

PUMPKIN JAM

1 pint boiling water
1/2 tsp. salt

The Common Round...

By Isabel Inglis Colville

REPRESENTATIVES

Have you ever thought of what a very important word representative is? What it stands in tangibles and intangibles?

When we, as constituents of certain portions of our counties or provinces send a man to represent us in Toronto or Ottawa, we seem, we Canadians, to trust to luck or fate or what have you, to make a good choice or a reasonable facsimile thereof, for what most of us know or try to know of these men would not be hard to write out and yet they are supposed to represent our aspirations, our trends toward enlightenment and our ambitions toward seeing Canada a great and God-fearing nation.

Then I often wonder how much thought we give to the fact that we are supposed to represent the faith for which we stand—the faith for which martyrs, prophets and priests have laid down their lives, or given up all the material things which we feel make life worthwhile.

It's so easy to say, "Oh, who sees or cares what I do", and maybe that is so, as long as you do not do something which makes folk say "And she's supposed to be a Christian!". The event that really brought on this train of thought was a meeting of the Kettleby Women's Institute which took place last week at the home of Mrs. Bob Jewitt. Your scribe was singing and talking—and listening!

Listening, I heard a list of resolutions read, the attitude of the meeting toward these, being the guide for Kettleby's W.I. representative at the Central Area Convention at the Royal York on Wednesday, Thursday and Friday, Nov. 1st, 2nd and 3rd. Now each of those resolutions—and they dealt with a tremendous variety of subjects from Sunday observance to gambling, from margarine to movies. But here, unlike some other representatives, this one was really going to speak for her organization.

Each item was threshed out till the feeling and agreement of the meeting was reached and the representative will go off to the convention able to say "yes" or "no" with a solid background of unity behind her. It has been a great pleasure for me to be asked to take part in these meetings

2 quarts diced pumpkin (3/4 inch cubes)
3 cups sugar
2 sticks cinnamon, 2 inches long
OR 1 lemon, thinly sliced.

Cook pumpkin cubes in boiling salted water until tender, about 15 minutes. Drain and reserve the water. Reheat water, add sugar and cinnamon or lemon. Boil 2 minutes. Add pumpkin and cook slowly until pumpkin is transparent and syrup thick, about 20 minutes. Remove cinnamon if used. Pour jam into hot sterilized jars. Cool and seal. Yield about six cups.

Aluminum adds a plus to pancakes!

An 'Inside Story' about Maple Syrup

1. Aluminum means a lot to your breakfast! Your griddle-cakes taste better with good maple syrup. And the best syrup is made from sap that is collected in aluminum pails.

3. Aluminum is used for tapping-pegs, containers, too. The increasing use of aluminum in the industry means higher-quality syrup for you.

2. Maple sap must be well-protected to preserve its delicate flavour. Farmers using aluminum pails find this "food-friendly" metal preserves colour, taste and flavour perfectly.

4. MINITS TO THE HOUSEWIFE Natural minerals in food and water occasionally discolour aluminum utensils. Natural acids in foods remove the deposits. For example, the iron in splash leaves a deposit on aluminum; the acid from tomatoes or rhubarb dissolves the deposit.

Old-fashioned farmers Federal and Provincial aid in replacing old-fashioned sap pails with aluminum pails. Modern aluminum containers fully conform to all food-law laws.

Consumer Credit Regulations

EFFECTIVE NOVEMBER 1, 1950, instalment sales of consumer goods at retail and loans for the purchase of consumer goods at retail will be subject to new Consumer Credit Regulations. This action has been taken under the Consumer Credit (Temporary Provisions) Act as passed by Parliament.

The Regulations apply to every person engaged in the business of selling consumer goods at retail on credit, in the business of making loans, or otherwise engaged in financing the purchase of consumer goods.

The following requirements will be in effect when retail sales are made on the instalment plan on and after November 1, 1950:

	Minimum down payment	Maximum time to pay
Motor vehicles (e.g. passenger automobiles and motorcycles).....	33 1/3%	18 months
All other consumer goods.....	20%	18 months

In no case shall the down payment be less than \$5.00.

INSTALLMENT PAYMENTS are to be in regular, approximately equal, amounts of not less than \$5.00 monthly or \$1.25 weekly. Instalment payments may be varied to meet the circumstances of persons such as farmers and commercial fishermen whose incomes are subject to seasonal fluctuations.

Similar terms apply to loans granted by banks or loan companies for the purpose of purchasing consumer goods at retail.

SPECIAL PROVISIONS ARE INCLUDED WITH REGARD TO REVOLVING CREDIT ACCOUNTS, permanent budget accounts, current budget accounts, and similar plans involving payment for goods by regular instalments.

ORDINARY CHARGE ACCOUNTS ARE NOT DIRECTLY AFFECTED by the present Regulations, but steps will be taken, if necessary, to see that charge accounts are not used to evade the regulations relating to instalment sales.

THE REGULATIONS REQUIRE SELLERS, LENDERS AND FINANCE COMPANIES to maintain records of transactions, to make them available for inspection, and to furnish information on request to authorized representatives of the Government of Canada.

CONSUMER GOODS include all goods with certain exceptions. A full list of the exceptions will be found in the Regulations.

For example, the Regulations **DO NOT APPLY** to sales of real estate, stocks, bonds, securities, goods for professional or business use, buses, trucks, building materials, implements and equipment used exclusively in farming and fishing.

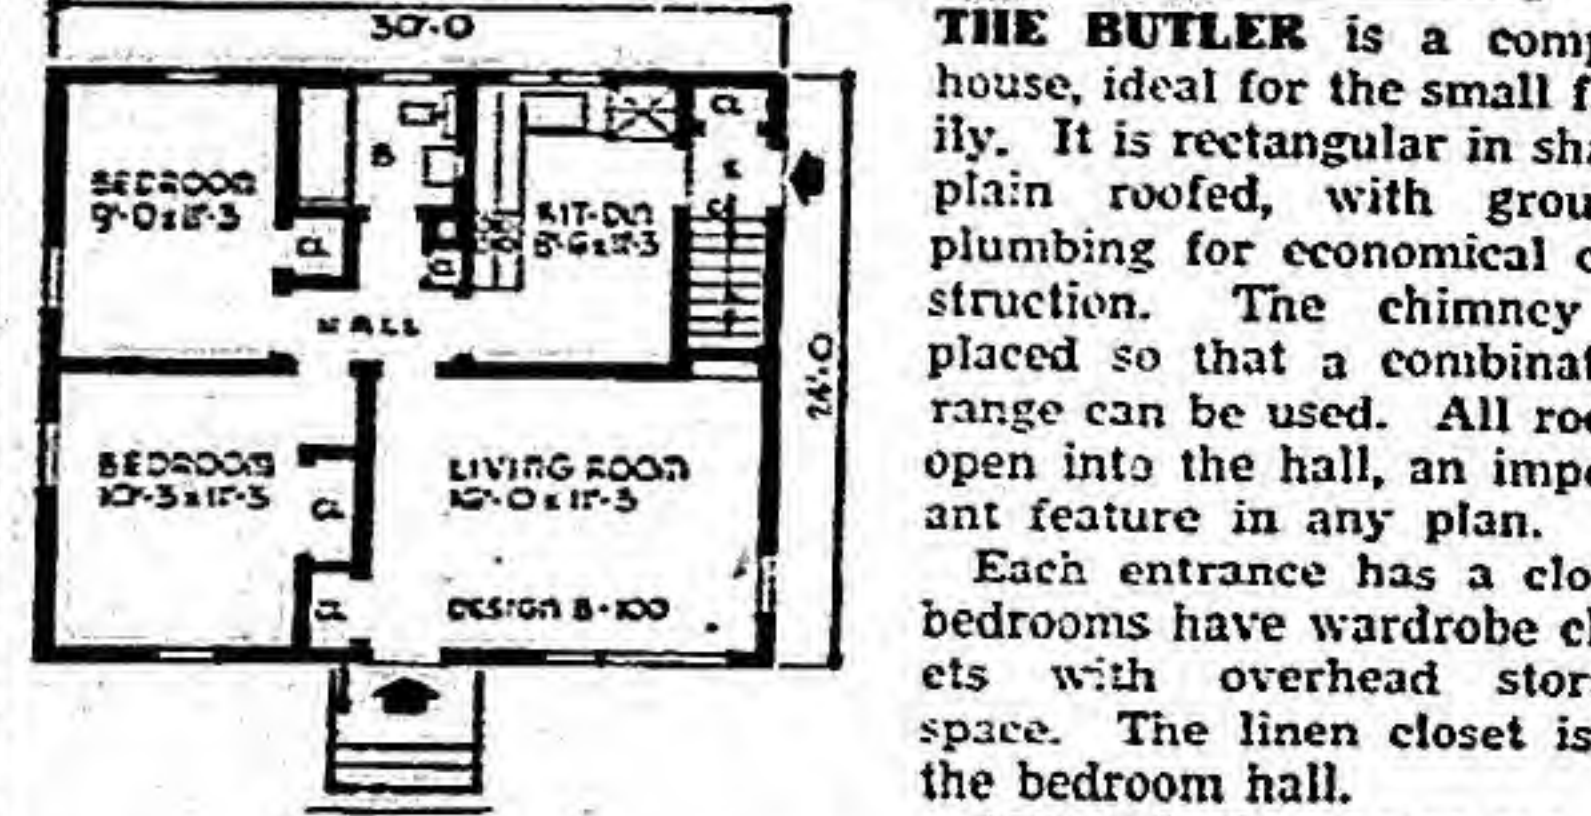

Penalties are provided for violation of the Regulations.

Douglas Ross
Minister of Finance

For the convenience of the public, copies of The Consumer Credit (Temporary Provisions) Act and Consumer Credit Regulations will be available at branches of the Chartered Banks throughout Canada.

Inquiries and requests for additional copies should be addressed to:

Small House Plans

THE BUTLER is a compact house, ideal for the small family. It is rectangular in shape, plain roofed, with grouped plumbing for economical construction. The chimney is placed so that a combination range can be used. All rooms open into the hall, an important feature in any plan. Each entrance has a closet, bedrooms have wardrobe closets with overhead storage space. The linen closet is in the bedroom hall. Although the rooms are not large the location of the windows allow an unusual amount of wall space for placing furniture, and for the dining space in the kitchen. A garage may be attached to blank wall formed by stairway. Plans call for frame construction, siding, asphalt shingles, concrete steps, treads at entrance and large picture window. Dimensions are 30' by 24'. Floor plan is 720 square feet, cubage 14,040. For further information about THE BUTLER, write the Small House Planning Bureau, The Newmarket Era and Express, Newmarket, Ont.

North End Merchant Expands Store Into Progressive Business

Newmarket's north end business section has featured an expanded progressive store this past year. Dyer's Furniture started as an offshoot of Bill Dyer's re-upholstering shop at 161 Main St. Now, large attractive show windows in a new modern store at the corner of Main and Simcoe Sts. are indications of the bright outlook for business in the North End.

Dyer's bought the original building three years ago and started selling furniture in a small way as an addition to the upholstery business. About a year ago the store was completely remodelled and enlarged with new plate glass display windows. Contrary to rumors, however, the business is not giving up re-upholstering.

Bill Dyer has had 22 years' experience in upholstery. He learned the trade with the Kroehler Mfg. Co. He was with the company at Stratford and Montreal, having been sent to Montreal as an instructor when the new plant opened there. During the war he worked on aircraft and upholstered the first five Mosquito bombers built in Canada.

Fifteen years ago he made the first foam rubber chesterfield suite in Canada at his shop on Hayter St., Toronto, for the Dunlop Rubber Co.

This summer Dyer's built a new fireproof cement block warehouse. The upper storey has an up-to-date modern work shop. The lower section is used for loading trucks under cover and also for storage of new furniture.

To keep up with the latest trends in business, Dyer's attends all the furniture shows and conventions. "We can guarantee to supply our customers with any style of furniture through regular channels and we can custom-build furniture to suit the customer's needs," said Mr. Dyer.

BILL DYER

Bill Dyer is a strong exponent for encouraging Newmarket people to "buy in Newmarket".

"We positively guarantee that you can't buy the same merchandise for less money in Toronto, providing it is the same merchandise," he said. "I can even say that there is never a week that goes by when we do not send furniture to Toronto customers. There's good proof that it pays to shop here."

"Incidentally, for one of the greatest buys of all times, we suggest that you drop in and see our custom-made airfoam chesterfield, selling for \$288," he said. "Visit our showroom anytime."

Haskett's HASH

BY GEORGE HASKETT
Newmarket Sports Editor

Maybe, just maybe, our little spiel of a week ago has born fruit. Jim Wall, busy Aurora junior B headman, says "We've asked for Friday night for our home stands at Aurora arena." Well done, James.

If no hitch develops, that breaks up the double scrimmage of Newmarket Spits and Aurora juniors on Thursday p.m.'s. Both teams have been trying to out-draw each other for years and to the disadvantage of both at the ticket windows.

Now, more trouble in camp. As mentioned weeks back, Harold Rogers' revamped "Indians" expect to pull on their dusters Tuesday after tea. Locally, junior C entry opened with a request for Wednesday then Friday—but both are out. Tuesday is mentioned as home night. Personally would vote a double nay on this. Much better for our junior jets to take on Monday if Town Leaguers wouldn't mind a switch. That would get away from running counter-opposition to Rogers' Rangers. How about it, men? Let's get that phase ironed out now.

John Hines, manager of junior C's, reports Collingwood junior hockey moguls have been in touch with him, suggesting Brampton, Collingwood, Barrie "Colts" B rating and Newmarket as a possible grouping. O.H.A. mentioned previously Sutton, Cannington and the Andy Closs-Bert Tunney-Jim Wilson Aurora D's as a possibility.

Latter set-up would naturally move Newmarket automatically into the first round of junior C playdowns as other clubs are rated as D. But there's a drawback as both Sutton and Cannington have to depend on natural ice and that could mean a standby period until well into December. Other side of the picture, if in with the artificial ice circuit, is that it sends the local junior side against some tough

ROGERS' BOYS GOT THE STUFF FOR SCALPING

When Aurora "Indians" get to the place where they clamor over the boards to take on the opposition, be prepared to lamp a vastly changed team from last year's teepee dwellers.

Manager Harold Rogers has been busy during the supposed off season uncovering an entire, well almost, new team. The Indians in short look to be going places this winter.

The fact time doesn't stand still is going to give the Indians a lift for one thing. At least four of last year's junior "Black Hawks" are moving up, headed by Bill McGhee, Bill Attridge, Ron Simmons and Keith Wardell. Job seekers parading before coach Harvey Gibney from last year's Indians are Loring Doolittle, Vic Maharg, Dave Hopper and Tex Grove for blue line patrol.

Up front old returnees are Bill Mundell, Tommy Brodie, Norm Nigh, Murray Brandon and Bill Patrick. The Indians made a ten strike by signing on Harry Morrison, a nifty, shifty, free-skating centre man who performed with Midland "Flyers" last winter and have acquired the services of Ken Broughton with Orillia senior B entry last season. The latter pair should knit nicely into the forward pack carrying department. Bill Mulholland with Stouffville part of last season and Norm Rolph from Noranda are expected to wage a keen duel for the net minding duties.

Bradford is likely to contribute as Bill Boychoff, Trolley League all-star right winger, Mike Brinkos and Ray Fox, a defense pair, are working out with the team. Something like 40 players have been on parade and the Indian chief confides don't be surprised if more recruits aren't in before the week is out.

Two Sure, Hope For Four In Metropolitan League
"Nothing new" sums up the situation so far as the Trolley League is concerned. Two teams are definite starters, Aurora "Indians" and Chas. Rowntree's Woodbridge senior B's. The league met last week and the Sutton delegation of Ellis Pringle, Stan James and Clifford Thompson indicated the Green-shirts would hold an early practice to ascertain if enough players were available to ice a team.

As yet, the practice hasn't been held, so there's nothing new from the Sutton angle. Alliston, mentioned as a possible fourth team, hasn't been approached as yet, but it is expected Metropolitan League officials will be in touch with them over the next week-end.

Monday Last Try-Out For Town League Players

All players interested in patrolling a beat in Newmarket Town League hockey are asked to be at the arena Monday night at 6 bells. The Town League executive headed by president Chas. VanZant met last Thursday to hear a report on the parade of talent held last week. "Ceegars" McDonald reported Hoffman's had six players available while Harry "Silver" Thoms said Davis Leather had seven.

The league executive decided on one more practice session in an effort to get out more players to help the two short staffed teams. Both Office Specialty and Town "Merchants" reported enough players trying out to enter a team.

So Monday, Nov. 6, is last and final call. Bring your own equipment and be at the arena at 6 p.m. Draw for any extra players will be made following the Monday practices, and the league is expected to open up at an early date.

Spiffies Meet Stoney's In Exhibition Opener
So you're anxious to cast your peepers on some hockey. Well, you won't have to wait beyond tonight when the curtain rises on the intermediate warfare. Manager Father T. J. McCabe and coach Larry Molyneux have booked a top notch exhibition game for attention at the local ice dign's.

Bill Thoms will bring in his Stoney's club of the Major Commercial Series (senior B), for an early season joust with the Spiffies. Starting time is 8:30 p.m. Stoney's, it will be recalled, took a fall out of the 1949-50 edition of the Spiffies in the closing game of the season last April by a 10-7 margin.

Tonight's game will give the fans an opportunity to look over the new talent skating with the Spits and should also serve as an indication how the team will fare if it is headed for senior B competition with Markham and Stouffville.

Contrary to common belief natural gas pipelines seldom help develop new industries in the districts through which they run. But they greatly aid the expansion of existing industries.

News of the W.I. In North York

News for this column must be in the office Monday night. Copy must be written as briefly as possible and confined to news and reports. Other than routine reports and announcements will be printed separately.

The October meeting of the Queensville branch was held at the home of Mrs. John Grant on Wednesday, Oct. 25. Mrs. L. Wellman, the second vice president, was in the chair. Routine business followed the Institute Ode and the Mary Stewart Collect. Since this was the grandmothers' meeting, the motto was "Grow old along with me, the best is yet to be". The roll-call was responded to with "Bright sayings of a grandchild".

A donation of \$25 was given to Save the Children fund. For the next meeting each member is asked to bring a large size cake of Ivory soap wrapped in a wash cloth and tied with ribbon. Those who haven't donated tea towels are asked to bring them to the November meeting.

The program was in the charge of Mrs. Albert Milne. A reading on Newfoundland was given by Mrs. Geo. Pearson; "Growing Old" by Mrs. J. B. Smith; "Age" by Mrs. Wm. Dew; a humorous reading, "Grandmothers", was given by Mrs. Albert Milne. There were a few exhibits of olden times or old fashioned handwork.

A contest, "Conveniences our Grandmothers Missed", was conducted by Mrs. J. B. Aylward. The winner was Mrs. E. Burgess. Mrs. Robt. Johnson had a bean guessing contest, with Mrs. Clarence Wright the winner.

Dainty refreshments were served by Mrs. R. Chapman, Mrs. M. Ball and Mrs. R. Mahoney.

The Gormley branch held its regular monthly meeting on Wednesday, October 25 at the home of Mrs. Herb Moorthy. Mrs. Harry Smith gave an interesting paper on vitamin C. Mrs. Biddlecombe spoke on the spotted touch-me-not, one of Canada's wild flowers. This month we had a bulb and potted plant sale and a goodly sum was realized. A donation of bulbs was made to S.S. No. 7 to help beautify the school grounds.

It was also voted on to see about sending a case of raisins and currants to our sister Institute in England. The hostesses, Mrs. M. Ash and Mrs. H. Biddlecombe, served a tasty lunch.

Snowball branch met at the home of Mrs. Robert Cain on October 25 with 21 members and 10 guests present. Mrs. H. Patrick, the president, was in the chair. The roll call, "name a flower beginning with the first letter of your given name", was very well answered by all there. Twenty-five dollars was voted to be used by the delegate for the convention. A committee convened by Mrs. C. Reddick to look after the boys at the Ontario hospital was chosen, also our first eucure this year was planned. It will be held at the school house on Nov. 14. A vote was passed to have a tea towel shewer at our next meeting.

A paper on the motto, "A country is largely what its women make it", prepared by Mrs. Tensdale, was read by Mrs. Blum. Mrs. Barr read current events. Beautiful flower arrangements to suit any occasion, also the corsage worn by the guest of honor, were done by a young member of our community, maybe in another year or so, they will not be so shy about having their name used.

Miss Helen Bayeroff, our guest speaker, read a paper on "Our better homes and gardens". As space would not permit me to cover everything, the highlights were: to have privacy, convenience, choose the furniture to suit the size of the room; but to have a better home, have the family co-operate to make it safe with such devices as screens on windows where children play. Keep leaves off walks when wet. Keep ice off steps and walks. Lock all poisons in a safe place. Paint top and bottom cellar step white. Always put ashes in a metal can and never start fires with coal oil.

Keswick Plans To Enter Tri-County Rural Hockey

Keswick is planning to give rural hockey a trial this winter. Present plan is to seek membership in the tri-county rural circuit, it was disclosed this week. Possible opposition, if their application is accepted, would be Sutton, Cannington, Oakwood and Zephyr.

Officers of the club elected at a recent meeting are: pres., Austin Huntley; first vice pres. and coach, Ken Davie, Keswick store keeper and restauranter; second vice pres., Royden Connell; sec., Ted Anderson; treas. and manager, "Hearty" Clark.

NEW LIGHTS ON

The new lighting system installed at the arena over the past couple of weeks came into full use last Friday evening with all 36 lights turned on. The reflectors are of glass construction and at present 500 watt bulbs are being used. The installation completes the new look about the arena as well as making it one of the best lighted hockey cushions in the district.

Machine Shop took leading Sheet Metals to the cleaners 7-0 while Press Shop downed Vordone 4-3 in a hotly contested session of Hoffman bowlers Friday. Press Shop took over leadership with 26 points, Sheet Metal 25, Machine Shop 21, Office 14, Vordone 12. Allan Daniels with a 651 threesome was the pace setter. Other good shooting marks were rolled by Frank Vandenberg 62, "Hocker" Hodge 628, Hal Coates 623, Al Bryson 621, Moe Crowder 610.

Betty VanZant and Norma Peel shared the spotlight with the Thursday nighters, both shared the spotlight with the Thursday nighters, both wound up the night with a 574. Other marks over 500 were pencilled by Myrtle Dunn 551, Laura Styke 537, Helen Tomlinson 535, Frieda Bulmer 523 and Hazel Bennett 520.

Harry Thoms' 704 (216-232-255) headed the Tanners' lists last week. Jack Groves 629, Bill Townsley 622, Ned Tansley 607, Frank Bothwell 600 were the other Davis shooters to crack 600. Murray Allen's clan picked up seven points at the expense of Cullen's. Townsley over Turney's 4-3. Blanket standing at the moment, Allen and Turney tied for leadership with 30, Townsley second with 28, Cullen's crew cellar dwellers with 24.

Phyl McInnis featured the Monday night ladies league scoring with a terrific 734 (214-235-235). Other fine individual marks were posted by Theima Sloss 593, Jean Gatti 567, Mary Osborne 550, Edna McGrath 548, Floss Campbell 547, Flo Campbell 546.

Tommy Scott's 627 (196-203-223) gave him double honors in the Office Specialty Officers' League this week, high triple and high single, that 223 finale turning the trick. Don Burch was runner-up in both cases with 570 and 217. Geo. Philmister ran third in singles with 216. Ken Giles' six top the loop with 12 points, followed in order by Bert Seldon ten, Roy Bennett nine, Lou Bovair seven, Geo. Philmister six and Don Burch four.

A.H.S., SUTTON FALL BEFORE POTENT LOCALS
Fred Speers' well drilled Newmarket high school footballers got over their biggest obstacle in retaining first place in the North York secondary schools football circuit by rolling up a double-12-6 victory over Frank Gregoire's Aurora gridders at Pickering College field Monday afternoon.

A pair of touchdowns by Howard Ash after the N.H.S. had knifed deep into Aurora territory accounted for Newmarket scoring. Ash's first major came in the first quarter on a five-yard plunge. Ash repeated in the third on a similar drive, Jerry Hugo kicking the convert. Hugo's boot to the deadline in the fourth completed the scoring.

Ken Ham on the tail-end of an end run galloped over for an Aurora touchdown in the second quarter. Don Busky kicked for a single point to complete the Aurora scoring.

Aurora: flying wing, F. Lee, halves, K. Ham, B. McGuire, C. Ethridge; quarter, P. Hobson; snap, J. Langdon; insides, J. Gilbert, F. Harrison; middles, D. Backley, N. VanNostrand; outsides, J. Lawlor, C. Johnston; alternates, D. Munshaw, D. Busby, D. Crysdale, T. Marsdon, D. Harrison, K. Kincaid, N. Ethridge, W. Wray, P. VanNostrand, J. Lee, J. Howey, M. Clark, G. Edwards.

Newmarket: flying wing, J. Vance; halves, A. McKnight, H. Ash, P. Morton; quarter, J. Hugo; snap, F. Morton; insides, B. Rose, D. Smith; middles, A. Jackson, R. Ingram; outsides, B. Rogers, K. Bolen; alternates, W. Robinson, K. Wheeland, R. Cotton, J. Shropshire, W. Henry, R. Lockhart, A. Sinclair, G. Lister, R. Shaw.

OVER 40 SEEK BERTHS WITH JR. C ENTRY
There just doesn't seem to be any end to the number of candidates seeking an ice going job with our newly organized Junior C entry. If quantity suggests anything, coach Joe Peat should be wearing a full dress smile. To date over 40 have attended the two weeks of scrimmaging and each practice seems to bring out at least one new recruit.

From last year's juvenile Rockets are goalie Howard Peterman, Bob "Basher" Groves, Frank Morton and Bill Mettelle, blue line operators, and "Pepper" Martin, Murray McDonald and Ron Coveney, forwards.

Moving out into the district, seven Bradford skaters are making life interesting for the home-brew talent. Bradford contingent includes Keith Collings, last year with Aurora Black Hawks, Elmo Philip and John Gasko, Bradford intermediates of a year ago, and a husky pair of blue line bouncers in Bob Hanna and Geo. Jackson and two attackers, Bob Veale and Joe Gasko.

John Kamplin, a port-side winger, Danny Flegel, a pivot man, and Rod Black from north of celery metropolis are likely-looking prospects. Uxbridge contribution includes Ron Monkman, a net custodian, Archie Forfar, a fast striding right hand shot, and Lorne Beach, a defenseman.

Sid Beattie and Nick Shannon provide a Sutton district flavor to the team. Beattie, it will be recalled, played midget hockey here under Fred Hall-Harty Thoms. Eddie Gibson Lions midgets. Dave Couch, who performed with Sutton junior D's, is also seeking a wing slot. Laurie Thoms, last year's Aurora Black Hawk play-making centre, has also made several appearances, but at last report hadn't inked a contract either here or at Aurora.

Haskett Previews Spits, Most Of Last Year Back Goal Job Still Open
At the moment, with hockey players gadding about with greater abandon than ever before, top brass rulings and metropolitan areas entering the picture, even the most experienced back-pew-viewers are experiencing trouble rating the Spitfires—edition 1950-51.

Enough players have passed through—some stopped—more on the way—to lend an air of optimism to the future. Let's run 'em through the turnstiles and you can tab them in your own book.

Starting away have practically all of last year's Trolley League champs available. The exceptions are Cliff Gubb, who as yet hasn't shown, Deb Cooper, sticking with his retirement notices, and Harold Tunstead, working

ASKS FAN SUPPORT
"We've a good chance to knock off the Intermediate A title with this year's Spitfires," says George Byers, club president. "But no team is any better than the fans who support it."

HOCKEY BINGO A SUCCESS
A "successful evening" is the report handed out by the Aurora "Indian" hockey club executive. It's referring to the monster bingo staged at the Gray Stones last week. Gordon Hoffman, chairman, wishes to pass along the club's thanks to the citizens attending and the merchants who donated prizes and to all those who had a hand in making the event a success.

Ice Maestros Still Checking Line-Ups
Jimmy O'Hearn of Midland is the latest puck-chaser to settle in Newmarket for the season. James, a seasoned forward, has had plenty of experience with Midland, Penetang, Vancouver Army, and on the Pacific Coast, and should do a fine job with Larry Polynaux's outfit.

Stroud, and we understand that Lindsay offered a job not only to Paul, but his father, ex-pro Mickey Maguire, thereby beating the O.H.A. regulations. Aurora junior officials are not worrying very much as Oscar Mousley appeared to have the edge for the net-minding job, but there's no statement as to whether or not Maguire drew a release or whether any financial claims are involved. Maguire was well regarded in Aurora, where he had a steady job, and the fans will wish him well.

Alf Child, and Andy Cross are mighty enthusiastic about their junior "D" club. Ted Weedon from Kettleby looks to be a sure starter in goal, Andy Cross, Don Munshaw, Grant Winters, Walt Fines, Bobs Cook, Jim Wilson, Bill Ham, "Dinner" Halter from Nobleton, Greenley, a nifty newcomer formerly of Hamilton, and at least a dozen more are battling it out, and the kids while of juvenile listing, will doubtless give a good account of themselves. They expect to be grouped with Newmarket, Sutton, Uxbridge and Bradford.

Thursday night has been booked for the homebrew's home games, and Tuesday will be intermediate nights. The junior "B" club is toying with the possibilities of Friday and Saturday night games. Brother Haskett, and the Newmarket fans can pretty well take it as read that the "B" games will not conflict with the home games of Newmarket intermediates, thereby pleasing all. Bill Jones, former Aurora hockeyist and high school athlete of the '30's, is employed at the new super-warehouse at Steele's Corners and has the glad hand out for all former acquaintances. Bill is interested in the Willowdale T.H.L. junior club which will practise at Aurora.

The Wilkie Fund will stage that hockey match for the benefit of Bill Wilkinson, now at Lyndhurst lodge just as soon as the Aurora ice palace is ready for handling a game. Hal Rogers' intermediates are meanwhile getting shape for the contest. Speaking of arenas, Stan Smith is doing a great job in the short time he's been operating as manager of Newmarket arena. The new lighting is a big improvement, and Smith has everything ship-shape and doesn't miss a trick to add to the comfort of the spectators, players and skaters. Moves about the place like a marathon runner and must have dropped a few pounds with his efforts.

Blue line traffic has been in the charge of Myles McInnis, dropped back there by coach Molyneux, and he seems to fit the bill to a T, and Gord "Whisper" Boon and Joe Peat. Bill Magbert is also making a stab at defense this winter. Goal tending job is wide open with four puck stoppers. Joe Tunney and Fred Delman of last year's Spits. Ken "Spec" Tunney, Bradford member of last year, and Len Cook from Kettleby, all in a general scramble for the favored spot. Anybody the fans will have their chance to draw their own conclusions as to which team opens at the arena tonight.
